Now, a bit about our Studio. We are located in Sidney, a small town in Southwest Iowa that is perfect for my quiet, artistic nature. I have been doing photography professionally for 12 years now, and in that time I have been fortunate enough to photograph over 150 weddings, not to mention Baby and Family Portraiture, Senior Photography, Underwater Photography, and a wide variety of commercial and art photography projects. We do nearly all of our printing in-house, providing a level of quality, archiveability, and custom products that would not be possible were we to outsource. All retouch, digital effects, digital tinting and graphic arts are performed in-house as well, and we are specialists in the historic art of hand tinting black and white portraits with pastel and oil pigments, making one-of-a-kind art pieces for our customers. We also offer handmade mosaic tile frames that have been featured in several industry photography publications, hand-stretched photo-canvases, and custom designed books and albums. My goal is to listen to you, the customer, and find out what images and looks are dear to you. Then, I will guide you to the products that will provide you with the most impact and style within your price points.

Please read through, and feel free to call or email me with questions. I am delighted to meet for personal consultations and a portfolio review.

Sweetheart Sessions to celebrate your engagement.....

Your engagement session is a time to really express yourselves. Let us help you find the perfect locations, fun props, and seasonal beauty to make your engagement images a true reflection of who you are and what you like to do. Depending upon the time of year, we can incorporate water, snow, flowers, beautiful falls of leaves, outdoor urban settings, picnics, and literally ANY type of activity. Let's go on a great bicycling photo safari. How about a photographic date at your favorite pizza place? Swimming at the pool can make some amazing underwater portraits! Build snowmen and carve snowangels together.

We can do so many things with the images once we make them: Save-The-Date magnets, and cards, customized invitation design, albums and books to keep and give away, guest books filled with your images, collages, phototextiles, classy banners.....brainstorm with us to make your engagement images just like you---one of a kind!

Sweetheart Sessions include a book of your 15 favorite images printed inside. They start at \$125.

## *Gold Wedding Pricing--modern style, traditional feel*

A Traditional Wedding Collection features all-inclusive photography that is NOT based upon an hourly limit. We photograph the events of the Wedding Day until the specific events for which we have been contracted have been covered. We find this gives our couples more freedom and eliminates the feeling of being "on the clock", having to rush through certain portions of the day just so they can get photographs. In addition, all Traditional Collections include different album options, and larger albums and Album Epoca upgrades are available for an additional cost. All include a Simple Sweetheart Session for your engagement portraits. Below is base pricing for all our Traditional Collections. All are upgradeable to whatever additional options you need.

*Please see the next page for your Portrait Package options included with the Base Price,*

### *Collection 1*

A Simple Sweetheart Session is included with this Collection as well as all photography at the site of your wedding--getting ready portraiture, formal portraiture, candid shots, outdoor photography, ceremony portraiture, and we conclude with your dramatic exit from the church in a shower of bubbles-or whatever you have in mind!

**\$1400 Base**--includes your choice of Package from the Portrait Package Menu.

Larger Albums and Album Epoca upgrades are available starting at \$200 in addition to the base pricing. Because upgrades can get very complicated, we urge you to come in for a consultation to see the albums and products in person.

### *Collection 2*

Includes a Simple Sweetheart Session, all photography at the wedding site as described above, and we will continue to cover your event through the special moments of your reception including--decor and set detail shots, your grand entrance, cake cutting, toasts, candid, bouquet & garter tosses, and the Wedding Dances. Please pick One Extra Item from the Add-On Menu!

**\$2050 Base**--includes your choice of Package from the Portrait Package Menu.
